YEAR 3 National Evaluation | DISSEMINATION TOOLKIT

September 2024 - September 2025

Tribal Epidemiology Public Health Infrastructure (TECPHI) Program

Purpose

We invite TEC staff to amplify the findings from the Year 3 National Evaluation Report and accompanying Executive Summary to your broader networks. This dissemination toolkit provides ready-to-use messages to make sharing easy. Messaging may be adapted to reflect your TEC and audience.

Prepared by: Alaska Native Tribal Health Consortium Tribal Epidemiology Centers Public Health Infrastructure Network Coordinating Center
2550 Denali Street, 6th Floor, Anchorage, Alaska, 99507 | tecphi-ncc@anthc.org | TribalEpiCenters.org

This communication was supported by the Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $1,800,000, with 100 percent funded by CDC/HHS(NU58DP007231). The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CDC/HHS, or the U.S. Government.

TRIBAL EPIDEMIOLOGY CENTERS

Available Resources

National Evaluation Report: The full report provides comprehensive Year 3 findings including trends, success stories, and examples of how TECs are strengthening Tribal public health infrastructure and capacity.

Best for: TEC leadership and staff, public health partners, evaluators, researchers, and audiences interested in detailed findings.

Use when: Sharing detailed evaluation findings, discussing TECPHI accomplishments, supporting presentations, planning, evaluation efforts, and funding conversations.

Executive Summary: The executive summary provides a visual overview of national evaluation findings.

Best for: Leadership, partners, newsletters, community members, and other audiences who need an accessible overview of findings.

Use when: Introducing the National Evaluation to someone who is unfamiliar with TECPHI or TECs, distributing materials at conferences or meetings, and providing a quick companion resource to the full report.

Findings Visuals: The findings visuals highlight key Year 3 National Evaluation findings across priority areas. Featured in the Executive Summary and available as standalone graphics, they provide a quick visual way to communicate TEC reach, activities, and impact.

Best for: Social media, newsletters, presentations, websites, and other communications where a concise visual snapshot of the National Evaluation findings is useful.

Use when: Highlighting a specific National Evaluation finding and drawing attention to the full National Evaluation Report and Executive Summary.

SUGGESTED EMAIL COPY - POTENTIAL PARTNER

Hello **[Name/Partner]**,

We are pleased to share the TECPHI 2.0 Year 3 National Evaluation Report, which highlights the collective work and impact of Tribal Epidemiology Centers (TECs) across the country.

We work alongside Tribes, Tribal Organizations, Urban Indian Organizations, and partners to strengthen public health systems and advance the health and well-being of American Indian and Alaska Native communities. Our work includes **[insert areas of expertise/services such as epidemiology and surveillance, data collection and analysis, program evaluation, and technical assistance, community health assessment]**.

We invite you to explore the National Evaluation materials to learn more about the collective work, reach and impact of the TECs. If you would like to learn more about our work, or see an opportunity for partnership, we invite you to reach out to our team at **[contact information]**.

We look forward to connecting and exploring how we can work together in the future.
